Distinguished national speaker, pastor and civil rights leader, the Rev. Samuel Billy Kyles is recognized as both a participant in, and a valuable resource on, the Civil Rights Movement. An eyewitness to the assassination of Martin Luther King Jr., Kyles is the last remaining person to have spent the final hour of Dr. King's life with him.

On Thursday, February 2, Rev. Kyles will present a community-wide talk at MRH to celebrate Black History Month. His presentation "The Power of a Dream" will recall those fateful moments and the days leading up to King's assassination.
